

This letter is to offer options for parking a car during the academic year. If parking a car is not a concern, you don't need to read this letter. However, if you plan to bring a car to the AAC, here are a few parking options.

The most secure option available is to rent a parking space in the Gateway Garage, which is located in the block between the AAC Dorm and the AAC's Jackson Street main building. The Gateway Garage is enclosed and has twenty-four hour security. Through the AAC's Finance Office you may purchase a parking pass for the 2011-2012 academic year for \$780.00. If you choose a Gateway Garage pass, \$390.00 will be charged on your student account each semester. You will receive a car tag for the entire semester.

Another option is the open-air, land lot directly across from the AAC's main entrance on Jackson Street. The cost for parking in this open lot is \$600 for the academic year - \$300 each semester charged to your student account. With this option, you are required to pick-up a car tag in the Finance Office at the beginning of every month. If you fail to display the current monthly tag, your car is ticketed – or worst towed. The Jackson Lot option is very limited in number of spaces and will be secured in the order request forms are received.

If you wish to purchase a Gateway Garage or Jackson Lot pass for the academic year, please complete the attached form and return it with your Dorm License Agreement and Roommate Questionnaire. You will receive your fall semester Gateway Garage car tag, or August Jackson Lot car tag, with your other Dorm materials on move-in day, August 25th.

If you have other questions or concern, please contact me.

Nancy Glier
Vice President of Finance and Operations
