OVERVIEW

The Senior Thesis is comprised of two parts, a written statement about your work and an exhibition of your work. The written statement is initiated in the Senior Seminar class in the fall and completed, with the help of your Thesis Advisor and Thesis Readers, in the spring semester. It is to be completed on or before the first Monday in March with final copies delivered to your Thesis Advisor, Thesis Readers and Senior Seminar at that time. The Thesis Exhibitions are scheduled in the fall in the Senior Seminar along with forming the exhibition groups.

The purpose of the Senior Thesis is for the student to demonstrate that they have achieved the Educational Objectives of the Art Academy of Cincinnati and may therefore be considered for being awarded the Bachelor of Fine Arts degree. The written statement is designed to help students thoroughly examine the intentions, influences, and concepts involved in their work. The process of writing the statement is an important experience intended to help students more fully understand and focus on pertinent issues in their work while learning how to articulate their artistic concerns.

Students are expected to work closely with their Thesis Advisor in developing the written statement and creating a coherent body of current work for the thesis exhibition. Students should plan to meet regularly with their Thesis Advisor during the first half of the spring semester. Students may also wish to meet several times with their Thesis Readers in order to gain approval for the written statement prior to the final thesis review.

The student’s Thesis Exhibition is a group exhibition scheduled and developed through the Senior Seminar and Advanced Tutorial classes. Each student is responsible for displaying their own work in cooperation with the other participants. The work shown should have a successfully developed and realized concept displaying originality, imagination, and risk-taking along with appropriate presentation and craftsmanship. The exhibition is an important means for the student to connect to the community, both internally and externally.

The Thesis Advisor and Thesis Readers comprise the student’s thesis committee, which is responsible for the evaluation of the written statement and the thesis exhibition. Students must successfully complete both components as a requirement for graduation.
Art Academy of Cincinnati

Mission

To create and sustain radical, forward-thinking, contemporary visual artists and designers whose creative contributions make a substantial difference in all the lives they touch.

2015 Art Academy of Cincinnati Educational Goal and Objectives

Universal Educational Goal
To empower students with the intellectual and technical tools they will need to navigate a life of creativity, curiosity individuality, education, history and community.

Universal Educational Objectives

Creativity
Students engage their imagination, invent new forms, take risks and solve visual problems in unpredictable, surprising ways.

Curiosity
Through their commitment to inquiry, research and experimentation students define the formal and conceptual interests related to their own artistic process and vision.

Individuality
Students articulate a unique and rebellious voice in their work in relation to the past, present and future of art and design.

Education
Students employ and integrate the technical skills, strategies and critical thinking necessary to create cutting-edge works of art and design.

History
Students determine and defend the role of art and design history in relation to their work and contemporary culture.

Community
Through their creative practice, students make meaningful connections with the diverse communities in which they live and work.
SENIOR THESIS STATEMENT 2015

(For all students except Art History Majors)

The Senior Thesis Statement is a written description of the work leading up to the Senior Thesis Exhibition. It addresses the relevant concepts, theories, influences, and experiences that form the basis of a student’s work and development during his or her time at the Art Academy of Cincinnati. Writing this statement is a requirement for graduation.

The Thesis Statement must include the following information:

- A written discussion of both the development of the work’s content (as it pertains to creativity, curiosity, invention, and cultural/historical contextual awareness) and its formal and technical elements (including appropriate media selection and application).

- The relevant, important creative, and scholarly influences on the work.

- A description of process, including, but not limited to: research, exploration and experimentation, ideation, time and project management, critical thinking and analysis, and risk taking.

- A statement concerning post-graduation near, intermediate, and long-term goals, which demonstrates a commitment to creative practice beyond the AAC, and provides a plan for making meaningful connections with the diverse communities in which the student lives and works.

- A detailed discussion of a minimum of 5 specific works, including their description, analysis and interpretation. (These works may, or may not, be a part of the student’s final exhibition).

Additionally:

- Standard MLA format for all papers will be followed, plus a cover page as required by the AAC faculty.

- The thesis statement should not exceed 12 typed pages (double-spaced in 12pt Times New Roman) including the cover page and Works Cited.

- Each student will submit 10 images of his/her work, properly labeled, to the appropriate Drop Box as directed by the Senior Seminar 2 faculty.

- A minimum of 10 images will accompany the document including images of 5 works discussed plus images documenting at least 5 additional recent works, including all works in the thesis exhibition. These images should be 8.5 x 11" printed color reproductions properly labeled with Artist’s Name, Title, Year Completed, Media, Dimensions, and must be included with the final written statement given to your principal Advisor, Readers, and Studio Program Chairperson.
The Advisor and Readers must accept the thesis statement and exhibition for the student to be eligible for the awarding of the Bachelor of Fine Arts Degree.
• **SENIOR ART HISTORY THESIS GUIDELINES**

**Art History Major**

The Art History Thesis and Senior Show are requirements for graduating from the Art Academy of Cincinnati with a Bachelor of Fine Arts in Art History. Both serve as assessments of the student's skills and knowledge developed at the Art Academy. The goal of the Art History Thesis is for the student to demonstrate competency and originality using the methodologies and analytical perspectives in the history, theory, and criticism of art. The Art History Thesis replaces the Senior Thesis requirement in the studio departments.

The thesis is an art historical research paper. It deals with issues or problems which give the students opportunity to further investigate what they learned in either the Approaches to Art History class, or Museum Studies, or any other art history class the student has taken. The thesis may relate to the Senior Show in that it reflects an art historically researched topic important to the student's art. Critical analysis of primary and secondary sources will help the student to develop intellectual independence and arrive at interpretative conclusions. Students should also explain the relationship between their topic and their art. At the end of the thesis discuss your post-graduation goals and plans, as well. The suggested length of the thesis is 10-12 typed pages using at least 10 sources. The student will also provide a one-page artist statement and a minimum of 5 images of the student's artwork in the Senior Show.

The student will need to select an art history faculty member to be the thesis coordinator. Three readers will evaluate the thesis: two faculty members from the Academic Studies Department (including the student's advisor and the thesis coordinator) and one faculty member from the student's area of proficiency. The student is responsible for providing copies to the readers.

**Double Major**

Double Major students are required to do a Fine Art Thesis and an Art History Thesis. The student should follow the above guidelines for the Art History Thesis. (The student does not need to do an artist's statement and the slide set for the Art History Thesis.) Students can choose to combine their art history and fine art theses if it is appropriate. (See the Art History advisor for this option.) This combined thesis should be 15-20 pages with 10-15 sources.

Students must submit their Studio Thesis and Art History Thesis to the Academic Studies Department and Studio Program Chairpersons. There will be one review scheduled for the Double Major students during their Senior Exhibition. This team will be responsible for reading both theses. This team should consist of two Academic Studies faculty (including the student's advisor and the thesis coordinator) and two studio faculty. Time allotted for this review should be one and a half hours.
THESIS EXHIBITIONS AND REVIEWS

Thesis Exhibitions

As part of the Thesis students are required to present an exhibition of artwork for evaluation. The work should demonstrate the student’s abilities to develop a successfully realized concept, displaying creativity, formal qualities, appropriate craftsmanship, visual impact, and appropriate presentation.

The work presented for exhibition is ultimately the responsibility of the student. The student and Thesis Advisor should discuss the issues relating to the exhibition. It is advisable to keep your thesis committee informed about the development of your work.

Exhibition groups will be assigned dates through a lottery, to take place near the end of the fall semester during a session of the Senior Seminar.

Each exhibition group is responsible for organizing the presentation of work in the 3 gallery spaces, Pearlman, Convergys, and Chidlaw. Each group must submit a completed Gallery Exhibition Contract to the Senior Seminar faculty on, or before, the first Friday in March. Failure to submit a contract will result in non-reimbursement for exhibition expenses.

All works presented for exhibition must be completely installed by Monday at 12:30pm.

Exhibitions will have closing receptions on Friday from 5pm to 8pm

All works must be removed and gallery walls patched and painted by Saturday at 2pm. Each group is responsible for leaving the gallery in exhibition condition.

Installation and De-installation of Thesis Exhibitions

Early in the spring semester Senior Seminar Faculty will spend additional time on all aspects of mounting, publicizing, and documenting thesis exhibitions. Seminar faculty, in consultation with the Director of Facilities, will demonstrate the proper methods for installation and de-installation of exhibitions, including lighting, and appropriate signage. Emphasis will be placed on following all Gallery Rules as stated in the Senior Thesis Resource Book.

The Senior Seminar faculty prior to a student group’s exhibition must approve installation and de-installation plans. The plans should consist of an installation schedule, the approximate works to be installed and their location using floor plans and wall profiles, the method of installation, tools required for the installation, means of removal, a lighting plan, and a schedule to return the space to exhibition quality standards by 2pm Saturday.

Students are responsible for installing and de-installing their exhibitions according to the schedule outlined in the Senior Thesis Resource Book.

The school will provide sandpaper, drop cloths, paint, rollers and roller covers, brushes, and spackling to return the space to exhibition quality standards for the next group. These materials will be kept in the Pearlman and/or Chidlaw Gallery closet and can be accessed with the assistance of a Security Guard. The Director of Facilities will monitor and replace these materials in a timely fashion as necessary.

Students must provide all other necessary tools and materials required for proper installation and de-installation of their exhibition.

Your failure to meet any or all of the following expectations:
- Meet with your Thesis Advisor concerning your exhibition,
- Provide a plan and schedule to install and de-install your exhibition,
- Be prepared with the proper hardware and tools,
- Plan for any AAC technology to be used in the exhibition and return of same to the Director of Information Technology
- Properly mount your exhibition,
- Leave the gallery in exhibition quality for the next artist by 2pm on Saturday,

will result in the forfeiture of the $100 allocated to you for exhibition expenses.

Exhibition Announcements

Senior Seminar faculty will verify that brand standards are followed in the creation of thesis exhibition announcement cards, if the thesis groups choose to do so. Announcement cards are not required. The address side of the card will be designed by the Art Academy and may not be altered. All cards must comply with United States Postal Service regulations. Senior Seminar faculty must approve the reverse, or image side of the card. Once approved, it may not be altered.

The design, printing, addressing and mailing of announcement cards is the responsibility of the thesis exhibition group. Costs of announcement cards are eligible for reimbursement up to the allocated amount as stated in the Senior Thesis Resource Book. A list of suggested gallery, museum, and media contacts may be obtained through Denise Watson. The Art Academy does not provide mailing labels or postage.

Reimbursement of Exhibition Related Expenses

Each exhibition group has approximately $100 per person to spend on authorized exhibition related expenses. Alcoholic beverages are NOT an authorized expense. Designate one person in the group as the treasurer who will be responsible for monitoring the exhibition budget. Turn in the total and all receipts to the Studio Program Chairperson for reimbursement by attaching all receipts to a single Check Request Form (available in the Faculty Office). Allow at least two weeks for processing. Requests for reimbursement must be received before 5pm on the Friday before graduation. Requests received after that time and date will not be processed.

Exhibition openings/closings are not parties.
Students should be reminded that thesis exhibitions are professional art presentations and openings should be organized with this in mind.

Students wishing to organize an exhibition closing are responsible for all set up beforehand, and all clean up immediately following the reception. Trash should be carried to the dumpster. The student commons should not be used to store dirty plates and dishes. The school alcohol policy must be enforced.

Thesis Review Committee

The Studio Program Chair will assign Thesis Review Committees. The Thesis Review Committee will consist of a student’s Thesis Advisor and two Readers.

The purpose of the Thesis Review Committee is to aid the student in successfully completing the written thesis statement and mounting a professional exhibition that provides the committee with proof that the student has achieved the AAC Educational Objectives and is eligible for the awarding of the Bachelor of Fine Arts degree.

A student may request faculty to serve on their Thesis Review by completing A Request Form. The Studio Program Chairperson will assign readers to students that do not submit a Request Form by the due date. The Studio Program Chair will attempt to assign Thesis Readers based on requests however; assignments must be distributed evenly amongst the full-time faculty.

Each student must give, his or her, Thesis Advisor a draft of his or her thesis prior to the winter break. The thesis should include a cover sheet that has the student’s name, title of the thesis (if any), and the date of the draft. Each successive draft should be re-dated accordingly. Thesis Readers will be given revised versions in February of spring semester (see Senior Thesis Schedule)
Thesis Reviews

_Students are responsible for organizing their own Thesis Review with their Thesis Committee during their scheduled exhibition._

Students must submit a final draft of the Written Statement to their Thesis Advisor and Thesis Readers no later than the second Monday in March.

Reviews are to be done in the Gallery, in front of the work, with the Thesis Advisor and Readers present. Each student should contact his or her review panel to schedule their review as soon as possible after the thesis exhibition schedule is published. The week before the exhibition, students should confirm the time of their review with their Advisor and Readers. Additional people may be present only if agreed to by the thesis committee prior to the review. Tape recording of the review may be done if approved by the committee prior to the review.

Students should be prepared to present a brief explanation of the work on display and to engage in a discussion about the written statement and the exhibition. The discussion should not exceed one hour (one and half hours for Fine Art/Art History Double Majors)

The Thesis Review Committee is responsible for completing the Thesis Review Forms, which will become part of the student's permanent record. The committee may ask the student to leave the gallery while the evaluation is completed. Approval and acceptance of the Written Statement and the Thesis Exhibition by the Thesis Review Committee is required for completion of the Bachelor of Fine Arts degree.

Students who fail to meet the minimum standards of the Written Statement and/or the Thesis Exhibition are considered to be deficient in meeting the educational objectives of the Art Academy and are not eligible to be awarded the Bachelor of Fine Arts degree. Students may petition their Thesis Committee to be granted a specific time period to make the necessary corrections for resubmission to the student's Thesis Committee for approval.

In the event that a student strongly disagrees with the evaluation by the Thesis Committee, the student should submit such disagreement in writing to the Studio Program Chairperson for review. The Studio Program Chairperson may reconvene the Thesis Committee or additional faculty to determine if a reconsideration of the evaluation is warranted. If the Chairperson determines that reconsideration is not warranted, the student may ask the Academic Dean to convene Council of Adjudication to address the student's grievance.

All determinations, acceptances and approvals of the Written Statement and the Thesis Exhibition must be completed and submitted to the Studio Program Chairperson and the registrar at least one week prior to graduation.
SENIOR THESIS SCHEDULE 2015–2016

GALLERY RULES

1. The galleries must be returned to their original state after your exhibition. All walls must be patched with spackling compound, sanded, primed (if necessary), and painted with the original wall paint. Use a drop cloth or paper on the floor under where you will be painting. You must attend a demonstration of the proper way to spackle, sand, and paint.

2. You may only paint the walls and pedestals with FLAT LATEX paint. NO SEMI-GLOSS, NO GLOSS, NO ENAMEL, NO OIL BASED PAINTS. Clean all brushes, roller handles and trays. Properly dispose of used roller covers. Any brush marks or tape lines must be sanded, primed, and painted.

3. A paint cart with some hanging supplies and tools is available in the Pearlman or Chidlaw storage closet. However, it is recommended that tools for installing your show be supplied by you. Most often this requires a hammer, level, tape measure, installation hardware (nails, hangers, screws), screwdriver. You may also need an electric drill, drill bits, extension cord(s), and other hand tools. Tools removed from the paint cart(s) must be returned before 2pm on Saturday. Cost of replacing missing tools will be deducted from the exhibition stipend. **Tools from the Woodshop are not available.**

4. 3D work may be displayed directly on the floor or on pedestals. You may paint pedestals as needed. Use a drop cloth or paper on the floor under the pedestals to be painted. Use only FLAT LATEX PAINT. After your show return pedestals to the place you found them and return to original color if needed.

5. The ceiling may only be used to suspend lightweight work using monofilament, string, or wire. Hanging off pipes and lighting fixtures is prohibited. Consult with Facilities, if planning to use a projector or hanging anything from the ceiling.

6. NEVER paint, or attach objects with nails, screws, or other fasteners to the ceiling. Never cut holes in the walls.

7. NEVER paint or otherwise change the color of the floor.

8. NEVER attach objects directly to the floor using nails, screws, or other fasteners.

9. Do not use colored stickum, foam double-stick mounts, carpet tape, duct tape, or any other double-stick tape to install artwork or labels. Velcro may be stapled to the wall; also Scotch brand mounting squares and white artist tape may be used.
10. The use of water, or any liquids in an artwork may only be installed with the permission of Facilities. Also no open flames.

11. If you need to block out window light in the Pearlman Gallery, draw on the walls, or alter the gallery spaces in any major way, consult Facilities.

12. The use of possibly hazardous materials is prohibited.
